STEPS TO BECOMING TRULY PRAGMATIC

STEP
1

ASSESSMENT

Pragmatic provides a proven, quantitative approach to assessing the needs of your organization before crafting a program designed to meet those needs.

OUTCOMES:

- A clear understanding of your current teams' strengths and weaknesses
- A comprehensive, practical plan for implementing the right Pragmatic program

STEP
2

ALIGNMENT

Pragmatic's expert instructors help you gain alignment with leadership teams on what it takes to create lasting change and true success through training.

OUTCOMES:

- Alignment on the right approach toward organizational success
- Understanding of roles, responsibilities and budget adjustments needed to create change

STEP
3

COMPETENCY BUILDING

Pragmatic leads a series of modern, relevant training tailored to your organization's specific goals.

OUTCOMES:

- Hands-on training full of real-world examples, practical tools and templates, industry best practices and more
- Full-service training that's focused on student retention and growth

STEP
4

IMPLEMENTATION

Pragmatic fosters the transformation of learning into action, to facilitate the adoption of core Pragmatic principles and to fill gaps in key skills.

OUTCOMES:

- Ensure comprehension through practical application and facilitated discussions
- Students are able to apply training immediately to their roles with guidance from industry experts

STEP
5

SUPPORT

As your teams develop, you and Pragmatic work together to check progress and provide support to build a bedrock for lasting change.

OUTCOMES:

- Maintain a new way of working without regression
- Find quick answers and support for all questions with access to instructors, communities and resources
